

# Gartner(R) Third-Party Review of Archer

Founded in 1979, Gartner (<https://www.gartner.com/en>) is a leading research and advisory company with nearly 12,000 associates in 100 countries and revenue of \$4.2 billion. Gartner creates invaluable tools to help business clients with decision on many aspects of business management. One such tool, the Gartner Magic Quadrant research methodology provides a graphical competitive positioning of four types of technology providers in fast-growing markets based on the “Ability to Execute” measured on the Y-Axis and “Completeness of Vision” measured on the X-Axis, resulting in four provider classifications:

- **Leaders** execute well against their current vision and are well positioned for tomorrow.
- **Visionaries** understand where the market is going or have a vision for changing market rules, but do not yet execute well.
- **Niche Players** focus successfully on a small segment or are unfocused and do not out-innovate or outperform others.
- **Challengers** execute well today or may dominate a large segment, but do not demonstrate an understanding of market direction.

**The Archer Integrated Risk Management has been ranked as a Leader within the Gartner Magic Quadrant for eighteen years in the following business management categories:**

- IT Vendor Risk Management- 2020
- IT Risk Management- 2020
- Business Continuity Management – 2019
- Integrated Risk Management - 2018
- Operational Risk Management Solutions in 2014, 2015 and 2016
- IT Risk Management Solutions in 2015, 2016 and 2017
- IT Vendor Risk Management in 2014, 2016 and 2017
- Business Continuity Management Program Software, Worldwide in 2012, 2014, 2016 and 2017
